## Marie Skłodowska-Curie Actions, Postdoctoral Fellowships

The objective of Postdoctoral Fellowships is to support researchers' careers and foster excellence and mobility in research. The action targets **researchers holding a PhD who wish to carry out their research activities abroad**, acquire new skills and develop their careers.

For example: interested researchers from abroad, who want to carry out postdoctoral research at the UMG could apply for the fellowship.

There are two different programs:

- European Postdoctoral Fellowships
- Global Postdoctoral Fellowships.

**Next Call for applications will open in April 2023!**

## CRU 5002 Second Annual Retreat in Göttingen 2022

From September 23rd to 25th, 2022, the Clinical Research Unit 5002 hosted its second annual scientific retreat at the Alte Mensa at the Wilhelmsplatz in Göttingen. Almost 60 researchers came together to present their findings, discuss long term plans, and decide upon the goals for the upcoming year. There were 14 talks, including progress reports by the PIs of the different core- and sub projects, as well as a keynote lecture from an esteemed guest speaker, advisory board member Roland Rad from the Technical University of Munich.

Detailed report on the event available at the [Blog](#) of the CRU 5002 website.
